I30 - OPTIONS FOR INCREASED QUANTITY (DSCC 52.217-9C03) (OCT 2001)

(a) The Government may require delivery of additional supplies in accordance with the CLIN(S) identified as Option CLIN(S) in Section B.

(b) The option may be exercised in one or more increments at the time of award and after award during the period of the contract delivery schedule minus 14 days. The total amount of supplies ordered under this option will not exceed the maximum specified in Section B but may be less than the maximum amount. A written notice mailed or otherwise furnished by the DSCC contracting officer to the contractor within the time specified shall constitute an exercise of the option. Delivery schedule is defined as follows:

(1) The delivery schedule means a period of time from the date of award to the last scheduled delivery date of any CLIN, including CLINs added by modification (other than option exercises) as stated in the modification.

(2) Modifications extending the delivery schedule shall be interpreted as extending the option period, unless otherwise stated in the modification.

(3) Modifications accelerating the delivery schedule shall NOT be interpreted as reducing the option period, unless otherwise stated in the modification.

(c) Prior to option exercise, the contractor voluntarily may reduce option price or improve delivery time by written notice to the contracting officer.

(d) Delivery of supplies ordered pursuant to this clause shall be required within the same number of days as the original contract quantity, computed from date of option exercise. However, if First Article Testing is required under the contract and the First Article Test has been waived or passed at time of award of the option, delivery time for option quantities shall be reduced by the amount of time specified for reduction based upon FAT waiver as specified under contract clauses I43a or I44a. If additional time is required for delivery of the option quantity the contractor must submit a written request to the contracting officer within 10 days after receipt of option notice.

(e) If the specifications are changed prior to option exercise or if the option exercise specifies different delivery points or packing requirements other than stated in the contract, the price and delivery time for the option exercise quantity shall be subject to adjustment under the clause entitled 'Changes'.

(f) The Government may reject an offer as nonresponsive if it is materially unbalanced as to prices for the basic requirement and the option quantities. An offer is unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated for other work.
